STILL LIFE AND INTERIORS- A 2-DAY WORKSHOP

COME JOIN ME AS WE FIND THE BEAUTY IN THE EVERYDAY OBJECTS THAT ARE ALL AROUND US. MAKE THE ORDINARY EXTRAORDINARY, AND CHANGE THE WAY YOU SEE THE SUBJECT MATTER THAT I LOVE PAINTING.

DAY ONE: STILL LIFES: We will all work from the same set-up, I will send you photos as reference material. Let's talk about what makes a good set-up, good composition of a still life and importantly, good lighting.

DAY TWO: INTERIORS: What makes your room interesting? What does that little nook or window seat make you want to paint it? Finding patterns of light and shadow, folds in fabrics on chairs or drapery, or knickknacks on a table, it all makes an interior a fascinating subject.

Each day will start with a demo of approx. 45 mins.
Lots of exciting work and lots of fun and perhaps a bit of learning along the way for all of us!

See you soon!
